

INDUSTRIAL PROCESS MEASUREMENT

COURSE DESCRIPTION

This course is designed to introduce participants to industrial process measurement through lectures, exercises and laboratory practicals.

COURSE OBJECTIVE

This course is designed to enable participants to acquire basic knowledge of process measurement.

COURSE OUTLINE

- Introduction to process measurement
- Level measurement
- Flow measurement
- Temperature measurement

FOR WHOM

For anyone who wants to For engineers, technicians and operators who want to obtain some fundamental knowledge of process measurement.

PRE-REQUISITES

Some working experience in a process plant is an advantage.

COURSE LEADER

The course leader is a Yokogawa-certified trainer.

CERTIFICATE

The Certificate of Participation would be awarded to participants who have achieved 75% attendance for the course.

COURSE INFORMATION

Course Code	:	CT3001
Day / Time	:	Monday - Thursday (9 am to 5 pm)
Duration (hours)	:	32 hours
Venue	:	Chemical Process Technology Centre 81 Jurong Island Highway Singapore 627837
Closing Date for Registration	:	One week before the course date

COURSE ADMINISTRATION

Registration

For registration, please complete and return the attached Registration Form together with the appropriate payment by cheque made payable to "Petrofac Training Pte Ltd".
